

## HELP CENTER

To confirm your social security number:

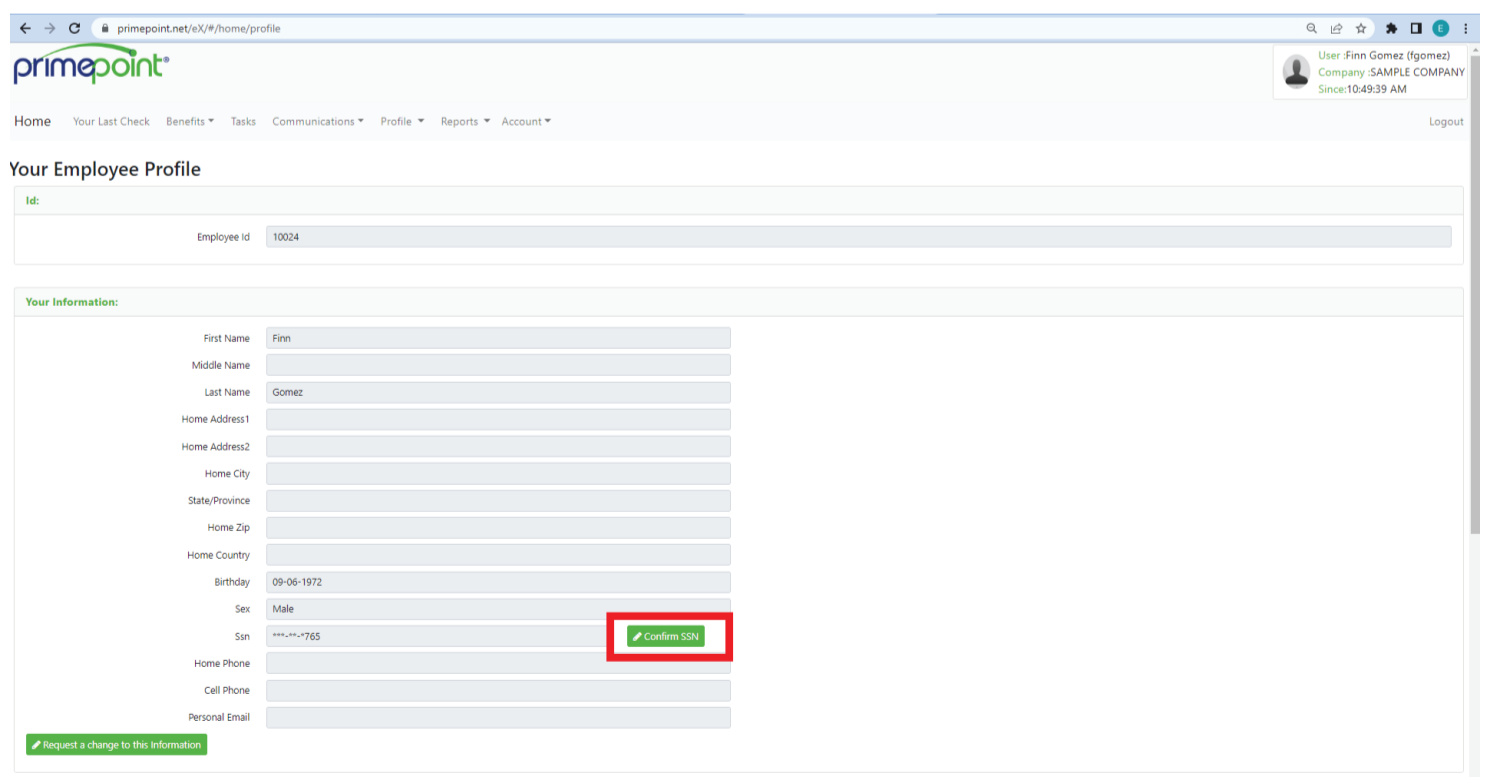

1. Select the tab labeled "Profile" on the navigation bar.

2. Select "Your Profile" from the dropdown options.

3. Click the "Confirm SSN" button and enter your social security number to confirm the information stored in our system.

4. It is important to confirm your social security number to ensure the accuracy of documents and filing. This process does not store or alter information. If your SSN does not match the information in our system, please contact your employer.
